MEMORANDUM FOR: DCI

ATTENTION:

25X1A

SUBJECT: Meeting with Representative of
TIME-LIFE, Inc.

Walt:

1. I breakfasted this morning with Mr. Lawrence E. Laybourne, Assistant Publisher of TIME, Inc. Laybourne was aware of my professional reputation and arranged the meeting to explore some of the information processing system problems confronting TIME magazine.

2. Following the discussion, he told me he had met Admiral Raborn before and that he had been directly involved in doing a cover story on the Admiral during the Polaris program. He also said that Ray Alexander, Editor of TIME, has great respect for the DCI and holds him in very high esteem.

3. I am reporting this to you as an item of personal intelligence which, if you choose, can be passed along to the Boss.
